## Timely SALAD TIPS

By BETTY BARCLAY

The salad is a very important part of the meal. This fact is appreciated by more women each year. Furthermore, most men who formerly scorned "rabbit food" now realize that many modern salads are mighty hearty, very tasty and extremely healthful dishes — filled with the minerals, salts and vitamins needed in a balanced meal. The salad has come into its own.

A grave error made by many hostesses is the serving of the same simple salad regularly. Sliced tomatoes on crisp lettuce leaves makes a good salad, but this dish should not appear regularly like bread and potatoes. Salads should be varied as new fruits and vegetables are in season.

Right now we have the Bartlett pear and the Tokay grape — both delicious salad foods that should be featured as long as possible. The Bartlett pear is a yellow, sweet, juicy fruit that should be used immediately if bought ripe. If bought green, it will soon develop its natural fine flavor if left in a cool place to ripen. When sound and ripe from skin to core, the Bartlett is really delicious. The Tokay is a red grape from California and the bunches are large, with sound well-formed berries. Straggly bunches, with damaged berries are obviously inferior. Select Tokays — and Bartletts too — are assured by purchasing those bearing a popular brand name, such as the well-known Blue Goose brand.

**Coronado Salad**  
2 tablespoons gelatin  
1/2 cup cold water  
2 cups boiling water  
1/2 cup sugar  
Juice 2 lemons  
3 oranges  
1/2 cup Tokay grapes  
1/2 cup walnuts  
Mayonnaise  
Lettuce

Soak gelatin in cold water, add boiling water, sugar and lemon juice, stir until sugar and gelatin dissolve and set aside to thicken. Peel oranges, discard white skin and cut into pieces; wash Blue Goose Tokay grapes and cut in halves, removing seeds; cut nuts in small pieces. When mixture begins to thicken add fruit and nuts, pour into a mold which has been dipped in cold water and set in a cool place until firm. Serve on lettuce and mayonnaise.

**Bartlett Pear Salad**  
Core Blue Goose Bartlett pears, fill with cream cheese mixed with cream and shredded almonds. Serve on lettuce, round side up, cover with French dressing made with lemon and then with whipped cream or with cream mayonnaise.

## Paris Styles

PARIS (U.P.)—Ever since the fair sex first started wearing slacks, their popularity has increased by leaps and bounds. Throughout the summer months, the pastel slacks, ranging from dusty pink to mulberry, found favor. Now, as the fall months start, fashion designers have created the sort of slacks for cool, comfy days that will gladden the hearts of young things. Especially the college girls. These slacks come in fine wale corduroy, man tailored and extremely smart.

The girl who is going away to school, the young wife who likes to lounge comfortably about the house will like these sturdy slacks. Not only are they practical, they are an eye-fuel, too. Warm browns and dull greens are the popular shades. And here is "an angle that will make these corduroy trousers particularly popular: short coats, jackets and shirts are made up of the same material and can be worn with the slacks in any number of combinations. The skirt and jacket of corduroy is an excellent choice for the not so informal occasions. For those sport occasions, a brisk walk in the country or on the campus, the slacks and shirt are ideal.

There are no end of uses for this four-piece corduroy suit. For those who like to ice-skate, or go skiing, this is a warm and hard-wearing choice. The material is washable, too. The skirt has natural colored leather buttons all the way down the front. The shirt and jacket button the same way. Both have peter pan collars, with large patch pockets. The pockets on the shirt are held in place with single, leather buttons, while the jacket has large square pockets, unadorned.

**FASHION TIP**  
Bright colors are combined with black in suits with contrasting backs at Paris collections.
